

EERSTE VERDIEPING

Architectural drawing of a building facade. The upper portion is white with vertical grey lines. The lower portion is red with vertical white lines. A black-outlined window is centered in the upper section. A red-outlined entrance is centered in the lower section, consisting of a large rectangular opening and a smaller door to its right. A red-outlined rectangular area is located to the left of the entrance. Two red-outlined rectangular labels are present: one at the bottom left of the red section containing the text "04.05.000", and one at the bottom right of the red section containing the text "03.10.120".

Architectural drawing of a building facade. The upper portion is white with vertical grey lines. The lower portion is red with vertical grey lines. A red-outlined entrance is centered at the bottom, featuring a double door with diagonal cross-bracing. Above the entrance is a small, square window with a black frame and a diamond-shaped leaded glass pattern. Two red rectangular labels with white text are positioned near the entrance: one above the door frame reading "04.01.100" and one to the right of the entrance reading "03.10.240". The label "04.01.100" is also present in the top right corner of the drawing.

Architectural drawing of a wall section. The upper portion shows a wall with vertical lines and a small square window with a diamond-shaped muntin. Below the wall is a horizontal line representing a floor or ceiling. Below this line is a door with a red outline and a large 'X' inside, indicating it is a double door. The door has a small label 'LD' on the right side. Below the door is a red rectangular area with a white 'X' inside, likely representing a foundation or base. At the bottom of the drawing, there is a red rectangular box containing the text '04.01.104' and '04.01.101'.

Technical drawing of a wall section. The wall is represented by two vertical lines. A window is shown in the upper right portion, consisting of a rectangular frame with a diagonal cross. Below the wall, a horizontal line represents the floor. A door is shown in the lower left portion, consisting of a rectangular frame with a diagonal cross. A red arrow points to the right, indicating the direction of opening. Below the door frame, a label reads "04.02.000".

A line drawing of a building facade. The upper portion of the wall is covered in vertical lines. A small, square window with a diamond-shaped frame is centered on this upper section. Below this, a horizontal line separates the upper wall from the lower section. The lower section features a door on the right and a rectangular window on the left. The door has a handle and a lock. The window has a grid pattern. The base of the building is a simple horizontal line.
